1. Print and cut the mini-book pages on page 2 and 3. Staple them together on the left edge and then attach them to the large square on your notebook page.

2. Print and cut the small art prints on page 5 and 6. (Laminate them if you wish.)

3. Make a pocket by cutting the pocket piece below and then adhering it to the small square on the notebook page. Use the pocket to store your small art prints.

4. Use the print cards to learn the names of the paintings and the artists.

5. Complete the coloring pages if desired.

Cut this pocket and adhere to the notebook page. Put your prints inside.

Note from Barb-Harmony Art Mom

This little mini-unit is for busy moms who would like to incorporate art appreciation into their homeschooling week.

I have kept it simple and fun for the kids with just a little cutting, reading, observing, and coloring to learn a bit about the Renaissance art history time period. This unit only scratches the surface and if you are interested in learning more, please see Harmony Fine Arts Grades 2 and 6 for more Medieval and Renaissance art.
